This is a book about men – ordinary men – who, by their daredevilry, became heroes overnight. The word 'IMPOSSIBLE' was not in their dictionary. They fought courageously with nature's wrath in seas, oceans, mountain tops, deserts and polar regions.

- Spy Odette's similarities of surnames help her survive from the hell of brutal Gestapo.
- A 70 years old man voyage around the world in 226 days!
- Crazy but daring adventures of real Indian Jones.
- How an American athlete ridicules Hitler's racist idea's.
- Surviving from Hindenburg's hydrogen inferno.
- Ernest Giles and his friend set out across an uncharted stretch of western Australia – but only one will be able to make it.
- 'NO ONE CAN HEAR YOU SCREAM' was a subtitle of the movie about space. But it really happened in the case of Apollo 13 mission. What happens if you get stuck in space ...read...and sure there are then 14 true adventure stories.

Because of such remarkable traits in their nature, they did what most of the men couldn't or wouldn't do. It is these factors which stimulated us to compile sketches of their lives and adventures and present it to our valued readers.
