Obesity is today a worldwide phenomenon with people using variety of gadgets and gizmos, ensuring that we do not have to move a muscle to operate except using a remote button! In fact, the burgeoning incidences of diseases, and premature deaths have meant a rising awareness about the benefits of exercise.

With most exercise regimens making adherents huff and puff, people usually fall by the wayside before the benefits are noticeable. But relax! This book does not expect you to cross the pain barrier. Instead, the focus is on a practical, pleasant and do-able exercise regimen where you tailor each programme to suit your individual requirements.

In essence, this book will ensure that exercise is no longer a word you dread, but something you look forward to. The myriad benefits will thereafter flow of their own accord. And a fit, active, healthy life will be your ultimate reward.

About the Author:

An author of five books, Barun Roy is a post-graduate diploma holder in Computer-aided Designing and a double graduate in Aeronautical and Computer Engineering.
