Happily married couples confirm that marriages are made in heaven. But those who are unhappily married wonder why they ever got married!

Love and marriage are topics that bewilder, befuddle, confuse and confound men and women.

Attitudes towards marriage are undergoing a sea change as Indian society moves towards a materialistic lifestyle.

This book tells you why a happy marriage is no accident. Every successful marriage requires a deliberate effort on the part of a couple to build a lasting relationship. No two people are alike. Nor are their life- situations.

The book takes you through a variety of problematic situations experienced by singles and couples.

It tells couples about to marry or those already married how to understand each other's feelings and handle their expectations.

It also guides readers on how to find personal fulfilment through marriage, while avoiding the numerous pitfalls most readers may not even be aware of.

Written in a lucid, informal and authoritative question-answer format, the book clears all your doubts and queries on a variety of love, relationship, societal, sex and marital issues.

A mandatory read for newly married couples and all those ready to take the plunge.
